

## The Dream Room

A soft dreamscape for stretching, curling up, and breathing inside the chaotic delight of A MAZE.

The Dream Room is a warm, soft parallel to the party and magical chaos of A MAZE. The Dream Room is a secret space that you can slip away into, a space that is part of the party but so much softer. The Dream Room is a heated shipping container with soft music, soft lights, soft surfaces, and warm tea. It is a ritual space for people to connect and reflect on the happenings and the spaces between them. At the centre of the space is a tea service, with an ongoing tea ritual.
