## Games Find me I'm Famous

# ENIAROF

Eniarof is the reverse spelling of the French word "foraine" which stands for funfair. Eniarof is a new version of a funfair, something between contemporary art, arcade games and traditional funfairs. Amazeniarof is an event curated by French research group GoD|Art (Game oriented Design|Art - <http://godart.ensadlab.fr/>) at EnsADLab (Art & Design Research Laboratory at Ensad Paris <http://www.ensadlab.fr>). We are members of Paris Sciences et Lettres (<https://www.univ-psl.fr/en/university>).

Find the faces of famous dictators before the other player does.

Wear the necklace, put your hand on the sensor, run and place your fingers in the eyes of the dictator's face. Once all 5 LEDs light up, run back to the start before the other player does.

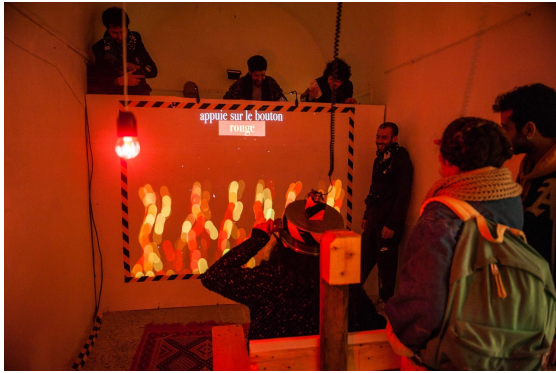

## Box Box

A fighting game that puts you in the shoes of a giant boxer, just before the battle of the century. Only hits on your opponent's head will bring them down. Ladies and gentlemen, let's get ready to rumble!

## Lucy Loves You

Two players are sitting face to face separated by a screen. One player sits facing the screen in a fake torture chair. The other player sits at the back of the screen facing a set of buttons.

The player sitting in the torture chair has to read out loud instructions given on the screen. If the player controlling the buttons makes a mistake or the instructions weren't followed fast enough, the other player is tortured.
